Leilin	<i>Leilin (L1 in Mandarin) studied Media Studies in China but this was her parents choice and she didn't want to study it. Her parents then decided she should do a Masters in Ireland but when she arrived (in Ireland) it was clear that her English wasn't high enough for a Masters. So she enrolled on an English course at B1 Level (just about B1 level). Her speaking skills are bringing her level to B1. But since being in Ireland she has decided she wants to be a Chief and when she returns to China she wants to be self-employed.</i>
Bashayer	<i>Bayshayer is from Saudi (L1 is Arabic-Saudi) and she finished high-school in Saudi. She decided she would like to be an Architect. She came to Ireland to do a Foundation Year but when she arrived she found out her English wasn't strong enough for a Foundation Year as she was just about B1. She enrolled into an English course. She is a very good speaker and a proficient reader but has very poor writing skills.</i>
Marceia	<i>Marceia is from Brazil (L1 is Portuguese-Brazilian) came here after she graduated with a degree in Law from Brazil. She works in a Hospital in Ireland (as the person who brings the food to the patients on the wards – and she really enjoys it). She took English at B1 level although she would have been able for B2 level.</i>
