 Good classroom management
 Good explanations of vocab, handled feedback well
 Very good mingling activity at the end.

Points to work on

Might be an idea to get the SS to read the ads first, simple tasks which is the most expensive? biggest, most convenient to transport etc?
 a model conversation for the roleplay? - sample questions on the board

Overall Points

The TP went very well, you interacted with the students well, kept them engaged and managed the class well.

You need to focus more on the staging of the lesson, how best to expose/present the language to students
