|------------------------------|---|----------------|-------|--------------|-------|
| Stage: | Post Reading | Format: | Ss-Ss | Time: | 39-45 |
| Procedure: | Shuffle what the Ss wrote among the class (anon) so that each S has someone else's question page. Now have each S write in an answer to the interview question – ask them to try and give an answer appropriate to the text (realistic), based off of what they know, etc etc. At the end of the class gather up the answers and leave them for the Ss collect. | | | | |
| Aim: | To further engage and reinforce the conceptual content of the article | | | | |
| Anticipated Problems: | Producing answers based off off what other Ss wrote creates inhomogeneous difficulty of task | | | | |
