

TEACHING PRACTICE SELF EVALUATION SHEET

OVERALL REACTION

THINGS YOU DID WELL.....	THINGS YOU WOULD DO DIFFERENTLY...
I felt this lesson has been my best lesson so far. I was happy with the work I was doing with the students and the work I had them do.	I miss understood a question a student was asking but it wasn't related to the task in hand. Next time I would take more time to check with the student that I understood their question. Also, I need to brush up on my grammar (as to be expected).
